

# International Air Shooting Sports (IASS) Handbook

Welcome to the International Air Shooting Sports (IASS).

By joining IASS you are participating in the exciting and challenging family sport of “Airgun / Airsoft speed shooting”. IASS is a Youth & Adult Development Program that teaches the safe handling of pistols, semi auto rifles and shotguns while at the same time developing positive life skills through a supportive environment taught by trained and supportive adult coaches. The IASS programs have been founded as a feeder programs to the SPP/Steel Challenge, 3GUN Nation and IDPA in order to bring the same type of positive life skills and team spirit to the handgun, semi auto rifle and tactical shotgun shooting sports.

Shoot Right is the governing body for IASS. Shoot Right raises money and other resources to support youth and adult shooting programs as a whole. The shooting and hunting industry understand that today’s youth are the future of our sport and we enjoy tremendous support from the hunting and shooting industry. For this reason it is very beneficial for the junior shooters to participate in this sport along with the adults.

The backbone of the International Air Shooting Sports is the Parents, Adults, and Volunteers who organize and run the program on the local and state level. Any successful youth or adult program will always have a few dedicated passionate adults working in a leadership and guidance role. The amount of time, energy, and financial resources that these dedicated adults contribute to the program is staggering. However, when you meet the wonderful young athletes that the program produces, you will understand quickly why it is worth it and why they do what they do. The participants in the International Air Shooting Sports are the greatest youth and adults you would ever want to meet.

This handbook has been prepared to guide you through the IASS shooting programs from registration to the completion of the IASS National & International Championships. More information is available at our website [www.shootrightaz.org](http://www.shootrightaz.org). Whether your child or any adult is interested in becoming a International Champion or just wants a fun and safe social activity to enjoy with his or her friends, IASS is the program for them!

Why not get them or yourself started today?

## **GOVERNING BODY**

Since 2013, Child And Adult Safety Education Services, Inc. (CAASES), a 501(c)3 nonprofit organization, has provided the administrative support and direction for the IASS. Shoot Right is the shooting division of CAASES and all sanctioning of shoots & shooting fees will be sent to Shoot Right.

Shoot Right exists to raise funding and other resources for Youth and Adult Development Programs in the shooting sports industry.

## **INTERINTERNATIONAL AIR SHOOTING SPORTS MISSION STATEMENT**

The International Air Shooting Sports is a Youth and Adult Development Program where adult coaches and volunteers model sportsmanship, responsibility, and teamwork while using shooting sports programs to teach these and other positive life skills to IASS athletes.

## **PROGRAM DESIGN**

Youth from ages 8-20, full-time college students, and adults ages 21 older are eligible to participate in the safe, educational, and enjoyable IASS handgun, semi-auto rifle and Tactical Shotgun sport of “speed shooting”. IASS, like SCTP/SPP, is ideally suited to become a school sponsored Title IX sport. Similarly it offers an absolutely “level playing field” for gender participation in the shooting sports. The IASS is a perfect fit for youth organizations such as Boy Scouts, 4-H, Future Farmers of America, Police Athletic Leagues, Girl Scouts, Boys and Girls Clubs, etc. Any youth organization is welcome to participate in the IASS. This is a great training programs for all ages.

All IASS activities incorporate two indispensable elements – SAFETY AND FUN. Safety is incorporated into every aspect of ALL IASS activities. The learning environment at practices and at competitive shoots is designed to include the element of FUN for all participants. IASS participants learn the safe and responsible handling and use of pistols and semi-auto rifles. During this self-discovery process, team members develop proficiency in a sport that can be shared and enjoyed with family and friends for a lifetime.

## **ADULT LEADERSHIP**

The program is led by trained and dedicated adult volunteer coaches who are committed to providing, promoting, and perpetuating opportunities for their young athletes to safely and enjoyably participate in a high-quality team-based sport. IASS coaches must take very seriously the responsibility of being good role models to the IASS Athletes.

## **HONORING THE GAME**

Competition is clearly a part of the IASS, an indispensable part; but it is not the underlying principle. The “win-at-all-costs” philosophy has no place in the IASS. Striving to win while playing by the rules does. Honoring the game, exhibiting good sportsmanship, and being a responsible team member, are the bedrock values the IASS strives to instill. It is the DUTY of everyone involved in the IASS – coaches, parents, and athletes - to set good examples for IASS team and Individual members. Volunteers are expected to emulate and uphold high moral and ethical standards of personal conduct.

## 4. *IASS TEAMS – Definition of Terms*

### A. TEAM FOCUS

The IASS is an individual and TEAM-BASED Youth and Adult Development Program. The intent of the IASS is to also provide participants with the opportunity to be a member of a TEAM. A team is composed of a group of individuals who are committed to a common goal and who work together regularly to achieve that goal. Ultimately, to achieve this unity of purpose, team members should spend quality time together in activities other than just shooting. Team members are required to practice on a regular basis with their team (See Section 5-B, Required Practices) and are expected to participate in team fundraising efforts and community service projects.

### B. DEFINITION OF IASS TEAM

An IASS Team is defined as one or more individual Athletes registered by and guided by a Head Coach. There is no upper limit to the number of Athletes on a team.

### C. DISTINCTION BETWEEN TEAM AND SQUAD

A **TEAM** is the entire group of Athletes registered under a Head Coach. Each team is assigned a Team ID Number. **A SQUAD** is the competitive unit for every IASS competition.

### D. COMPETITIVE SQUAD

An IASS Squad that meets the Division criteria is considered a valid COMPETITIVE SQUAD and is eligible to enter and compete at the IASS State and International Team Championships. A valid Competitive Squad is Four (4) Athletes. There is NO LIMIT to the number of individuals that can be registered on a Team; thus, no limit to the number of Squads per Team. **SEVERAL Squads on a single TEAM may be entered in the same competition.**

### E. IRREVOCABLE DECISION

Participants may not be a member of nor compete for more than one team in any one IASS season. Once a participant registers with a team, the decision is an irrevocable one that remains in effect for the entire IASS season.

### F. “CHERRY PICKING”

“Cherry Picking” individuals from within or from outside a state to form either a local team or a “State All-Star Team” is strictly prohibited. “Cherry Picking” is putting together a group of “hot shots”, “all-stars” or a “Paper Team” to compete at IASS State or International Team Championships. This practice runs counter to the letter and the spirit of the IASS and is expressly prohibited. **ATHLETES AND/OR COACHES VIOLATING THIS RULE WILL BE SUSPENDED AND MAY BE REMOVED FROM THE PROGRAM!**

**Competition Shoots are not to be counted as practice sessions.**

### G. ATHLETE’S ELIGIBILITY FOR IASS COMPETITIONS

IASS Junior and Senior Divisions are based on ages. If a shooter ages out of a division during the target year, they will be allowed to finish out that target year. The Athlete must be deemed **academically eligible** to participate in school-sponsored sports programs.
